

ERGEANT CHUBBOY KILLED, ALSO CORPORAL LAPHEW, SAYS LETTER SENT BY A COMRADE

"fell in Last Fight," Writes Corporal Joseph W. Easton, October 27.

HUBBOY LISTED MISSING

One Appeared in This Classification in Casualty List Few Days Ago; Corporal LapheW Had Rescued the Writer of Letter as He Lay on Field

The death in action of two more members of Company D, 110th Infantry, is reported in a letter written on American Red Cross Hospital No. 1, on October 27, by Corporal Joseph W. Easton, Jr., of that command, his parents, Mr. and Mrs. Joseph W. Easton of Trevor street. In this letter Corporal Easton says:

"Pat McManus was just in to see me. You know his father used to be in the Altman hotel in Uniontown. He told me that Sergeant Chubboy and Corporal LapheW were killed in their last fight.

"I certainly was sorry to hear of the death of those two fellows, for they were both pals of mine, and the best kind of men. Poor old Chubboy, after fighting so hard to get over here, it don't seem square does it."

Sergeant Chubboy, whose name appeared in the official casualty list 10 days or so ago as "missing in action," as one of the best known and most popular members of Company D, Corporal Easton's mention of his hard fight "to get over here," refers to the day occasioned in sailing due to the failure to receive proof of the materialization of Sergeant Chubboy's other. This proof arrived a few days after Company D sailed and Sergeant Chubboy was sent across with other troops. After arriving in France he had considerable difficulty in reaching headquarters of the 110th and it was only after an accidental meeting with Lieutenant Colonel E. E. Eide of the Medical Corps that he was enabled to rejoin his command.

Corporal Ernest C. LapheW, aged 22 at the time of his enlistment in Company D, before it was moved to Camp Hancock for training, was a resident of East Pittsburgh. He was listed as a first-class private and was promoted to corporal after the 110th reached France.

That he had the same kind of courage and grit other members of Company D have shown on many occasions during the war, is proven by an incident related in a letter written by Corporal Easton on October 25, two days before he heard of his friend's death. Having become a bit homesick by his long retention in the hospital, Corporal Easton wrote:

"I would like to see some of the old boys. You know, after one goes over the top a few times and sleeps in shell holes, and lights side by side with a jolly, good bunch, you learn to love them like brothers, or even more so. There is one fellow, a pal of mine in Company D, Corporal LapheW. Well, after I was wounded and had been lying out in 'No Man's Land' for some hours, with the machine gun bullets hitting all around me and the big shells dropping real close, he came out and endangered his own life to get me back to safety.

"He and I have always tried to get ahead of one another in the fight, we were in. Just to have something to talk about after it was all over, but we have always been the best of pals and he is the best stickler I ever saw. Going over the top takes courage, but it is not the worst thing to be done, you know. And when it is for a good cause we don't mind it at all.

"Connellsville and Uniontown need not be ashamed of the company of boys who represent them in France, for everyone is ready to lay down his life for the good and noble cause."

JACOB GEISLER IS DEAD OF PNEUMONIA

Jacob Geisler died in France of pneumonia, according to a telegram received at Broad Ford yesterday from the War Department. At the time he was drafted Geisler was residing at Broad Ford, since then his parents, Mr. and Mrs. Andrew Geisler, moved to Collier.

On Wednesday Geisler's sister, Mrs. Samuel Dane, and her infant child died of influenza, and four more of the Dane children are in an emergency hospital suffering from the same malady. Mr. Dane was formerly manager of the Union Supply company's store at Broad Ford and the family is well known in that community.

ADELAIDE SOLDIER DIES FROM WOUNDS

Mrs. August Markel of Adelaide received a telegram from the War Department stating that her son, Private Walter Joseph Markel, died October 13 from wounds received in action in France. Private Markel was in Company B, 11th Machine Gun Battalion. He received his training at Camp Lee, leaving for that cantonment May 29. He was a cook when at Camp Lee. The young soldier was well known in Adelaide and Connellsville. He is survived by three sisters and two brothers.

NURSE PREFERS FULL GROWN "COOTIES" TO KIND STARTING LIFE

Former Connellsville Girl in France Relates Experience in Letter to Friend.

How Miss Bertha S. Brown, formerly a Connellsville professional nurse, but later of Morgantown and Uniontown, battled with the cooties, transferred from wounded soldier boys to her clothing, is related in a letter to Fayette county friends. Incidentally the Red Cross nurse expresses preference for the full grown cooties rather than the babies "just learning to walk." But there here is what she writes of her "cooties" experience:

"I came to my room the other night, scratching and digging as usual. Of course we do not have any bath room here so I took my bath tub (only a bucket) to the kitchen to get some hot water. I sat in the middle of the floor, took off my clothes and made one grand hunt for cooties. We don't mind the big ones as much as the babies just learning to walk. Give me the big ones every time."

Other interesting portions of the nurse's letter follow:

"We are very busy here. We have 1000 Hunns in our camp. Some are only 16 years old. There has been a little Spanish influenza here but it is far worse in German camps. I hear a bunch of airplanes now but I don't mind them as they belong to our camp. I will send that German helmet as soon as I can."

"I am having the time of my life with French money. When I first got here (Base Hospital No. 53) I would ask 'how much' for certain articles and they would say '20 francs or 50 centimes and all I could do was to open my pocketbook and let them take it out, but I am learning a little more about it and think I will be able to go to town and get what I want without any trouble. And what I want is candy, milk and ice cream. We stayed over night in Paris shortly after I came here and the night after we left 'Old Bill's' airbirds visited the city."

Another letter which was written on a rainy night says:

"I wish you could see me. I have on a rubber coat and hat, just like the fireman wear. They say we are not far from the front. I like it very much here and am glad I came because our boys were glad to see us. I am on night duty and I am glad I am having that duty now, as it is pretty cool here already. Miss Lambert, my room mate, is also a nurse. We have individual beds. We also have a sleeping bag which was issued when we left New York. We have a box with two shelves in it, which are our washstands. We also have two chairs. We don't have carpet because it is not the style in the army. We don't have any lights after 10 P. M. I have a lantern which burns in the wards at night and am just as happy as if I had a dozen electric lights. Tell all the folks to write me. With love."

GAS COMPANY LOSES IN CONTENTION OF "NO JURISDICTION"

The Superior court of Pennsylvania has dismissed the contention of the Fayette County Gas company that the Public Service Commission has no jurisdiction in the matter of an increase in rates announced by the gas company some time ago and now in effect.

Some time ago when the Fayette County Gas company announced a raise in rates, the Trades and Labor council filed a protest with the Public Service Commission. The gas company claimed the commission had no jurisdiction over its action as the company was doing an interstate business and filed an appeal with the Superior court.

The effect of the decision is to put the matter back where it was when the fight against the rate increase was begun and opens the way for a belated investigation as to whether the rates were necessitated.

NO MORE CERTIFICATES

Required for Sugar, but Conservation is Still Urged Upon Consumers.

WASHINGTON, Nov. 29.—Distribution of sugar under the certificate system will be discontinued December 1, under an order issued by the Food Administration. In announcing the order the administration emphasized that requests for conservation of sugar were in no way modified.

Domestic consumers, it was said, will be expected to observe voluntary ration of four pounds per person a month, and public eating places will be required to use only four pounds of sugar for each 50 meals served.

VETERAN EMPLOYEE OF B. & O. KILLED IN AUTO MISHAP

C. W. Crim Struck By Car in Arch Street and Dies at Hospital.

35 YEARS IN THE SERVICE

Was Water Station Repairman and One of Best Known Employees on the Connellsville Division; Driver of Car is Placed Under Arrest.

While returning home from work yesterday afternoon about 4 o'clock, Charles William Crim, 55 years old, a veteran employee of the Baltimore and Ohio railroad, was fatally injured when run down by an automobile driven by Karl Widmer, who resides on the H. C. Frisbie farm in Connellsville township. The accident occurred at the corner of North Arch and Apple streets and conflicting stories are told as to how. The injured man was picked up by Widmer and taken to the Cottage State hospital where he died this morning at 3 o'clock. He was injured internally and also suffered a fractured femur. The body was removed to Funeral Director Charles C. Mitchell's establishment and was later taken to the family residence in Madison avenue. An inquest will be held in the near future by Coroner S. R. Baum.

The accident occurred just a few hours after a family reunion had been held at the Crim home. Samuel Satterfield was with Mr. Crim at the time he was run down.

According to a member of the Widmer family, who was in the car, along with seven others, Mr. Crim, walking up Apple street from the Baltimore and Ohio railroad, started to cross Arch street and as the car approached, stepped back into its path. In attempting to avoid hitting the man, Widmer, it was stated, ran the car on to the west sidewalk, and against the small building there, tearing away the steps. As he approached the corner Widmer blew his horn, it was asserted. The man with Mr. Crim remained on the west side of Arch street and escaped unhurt. It was said Widmer did all he could to avoid the accident.

Widmer was arrested. Mr. Crim was born at White Hall, W. Va., June 14, 1863, a son of the late Mr. and Mrs. John A. Crim. He spent his early boyhood in White Hall and at the age of 21 years he came to Connellsville, residing here since. For 35 years he was water station repairman for the Baltimore and Ohio railroad and was a member of the Baltimore and Ohio Veterans' association. He was also a member of the Trinity Lutheran church.

Mr. Crim was married 30 years last February to Miss Alice Newcomb of White Hall, W. Va. who survives, with the following children: Mrs. Margaret Reemer, Mrs. Ethel Baer, all of Connellsville; Charles A. Crim, of Ashland, O.; Lola, Esther and Ellis Crim, all at home. Four grandchildren, two sisters, Mrs. Sadie Conriss, of Martinsburg, W. Va., and Mrs. Jennie Edwards, Summit Point, W. Va., and one brother, John Crim, of Martinsburg, W. Va. Mr. Crim's mother died about a year ago. He was but a small child when his father died.

KAISER PLANS EARLY RETURN TO HIS THRONE

By Associated Press.

LONDON, Nov. 29.—The former German emperor contemplates an early return to Germany to reclaim his throne, according to news received in London through a neutral source of high standing, says the Daily Mail. The newspaper adds that the revolution in Germany is being managed by officers of the German high command with a view of eventually causing its collapse and the triumphant return of the former emperor to Berlin.

Some of these officers in civilian clothes have been recognized in the streets of Berlin. Many of them are reported to be dressed as workmen. The officers harangue the crowds as comrades and in every way encourage the revolutionary movement. It is added that when opportunity offers they will abandon their disguise, contend that the revolution is a failure and begin a counter revolution.

S. A. T. C. TO DISBAN.

Order to Demobilize Is Effective on Next Monday.

Orders have been issued by the War Department to demobilize the Students' Army Training Corps at the various colleges throughout the country where upwards of 150,000 young men of draft age were receiving training with a view to qualifying them for admission to the officers' training schools in the Army, Navy and Marine Corps.

CHANGES AMONG B. & O. OFFICIALS EFFECTIVE TODAY

A. E. McVicker Is Made Assistant Superintendent of Local Division.

TAKES PLACE OF STONE

Letter Is Given Another Position But Announcement Is Withheld for the Time; T. J. Ward Becomes Trainmaster; C. A. Cagle Goes to Somerset.

Effective today A. E. McVicker, who has been trainmaster here, will become assistant superintendent of the Connellsville division of the Baltimore and Ohio railroad. He succeeds C. M. Stone, who has been given another position, no announcement of which has yet been made.

The new assistant superintendent has been located here for about a year, coming from Somerset. He has been in the service of the railroad company for 13 years. He was first employed when 20 years old. He is well known on the division and is popular among railroad men.

T. J. Ward, who has been safety agent of the railroad company, located here, has been made trainmaster of the main line between Connellsville and Cumberland. He succeeds McVicker. Before coming here as an agent of the safety welfare bureau, Mr. Ward was trainmaster at Akron, O. During the influenza epidemic he had charge of the emergency hospital here.

C. A. Cagle, who has been master mechanic at the local shops, has been transferred to Somerset. He will be general foreman at that place. F. W. Rhurak succeeds Mr. Cagle as master mechanic in the Connellsville shops. At one time Mr. Rhurak was master mechanic on the Chicago division. He later left the railroad company and was master mechanic for the Youngstown Sheet & Tube company at Youngstown, O. He comes here as master mechanic from that plant.

Aside from the advancement of Mr. McVicker, which takes effect today, the other changes were made as the first of the week.

OBSERVE THANKSGIVING

Union Church Services in Morning Features the Day Here.

A feature of the Thanksgiving Day here was the union church service held yesterday morning in the Trinity Lutheran church. Despite the rain which fell during the forenoon there was a good attendance. The program was carried out as announced. Music was furnished by the Trinity Lutheran choir.

The sermon was preached by Rev. J. S. Showers, the theme of his talk being "The Practical Value of Thanksgiving Day." Prayers offered without exception mentioned thanksgiving for peace and victory of the Allies over the Hun.

Outside of the union church services Thanksgiving was quietly observed here. A good crowd attended the football game at Fayette field in the afternoon and all the theatres of the city were filled.

GEORGE MEANS DIES

Well Known Young Man Victim of Pneumonia in France.

A telegram received this morning by Mr. and Mrs. W. C. Means of Poplar Grove said their son, George Means, had died of pneumonia in France on November 9.

A letter received a few days ago said that a brother, Rainey, had been wounded in action. It is believed the wound is slight. A third brother, Chester, is in France.

Head Lacerated. When he fell from a Baltimore & Ohio box car last night William Treish suffered lacerations of the head. He was removed to the Cottage State hospital.

SOLICITATION OF EVERY RESIDENT, WAR CHEST PLAN

Definite "Yes" or "No" Is to Be Required of All in the Big Drive.

MAYOR URGES LIBERALITY

In Proclamation Today City's Chief Executive Invites Attention to the Need of the \$600,000 Fund and Calls on People to Rally to the Cause.

Personal solicitation of every resident of Fayette county with a definite yes or no answer recorded in black and white is one of the principal features of the \$600,000 War Chest drive commencing Monday, and campaign managers are pinning their hopes upon its effectiveness for the success of the campaign. On the War Chest prospect list is the name and address of every resident of Fayette county and at the conclusion of the campaign there will be written on each of these prospect cards the amount subscribed opposite each name. Those who decline to aid in the "Appreciation Fund" for the soldiers and sailors who won America's battles will be given an opportunity to state their reasons which will be written on their prospect card and filed at headquarters for future reference.

The War Chest prospect list was compiled from all sources of information. Tax duplicates, city and telephone directories and several other means were used. Campaign Manager D. W. McDonald says he is safe in the assertion that nobody has been missed.

Duplicate lists have been issued to each district chairman. He will make a further distribution to team captains and solicitors for the canvass. Each solicitor in the War Chest campaign will be given a stated number of prospect cards. There will be no indiscriminate canvassing.

Mayor John Duggan has issued the following proclamation in the interest of the War Chest:

To the people of Connellsville: To help to establish a freedom from oppression we were compelled 19 months ago to take arms against a foe that threatened the liberties of the peoples of the world. It was necessary that millions of the best young manhood of America should go overseas and separate themselves from their accustomed vocations and domestic influences.

These young men are today 3,000 miles from home. Many months, probably a year and longer, must elapse before they can be restored to us and to their civilian pursuits. In the meantime they must suffer a mental and spiritual hunger for these ties of family, society and church that are dear to the hearts and close to the deepest feelings of every soldier.

NEARLY MILLION AUSTRIANS KILLED DURING THE WAR

By Associated Press.

LONDON, Nov. 29.—Austria-Hungary lost 4,000,000 killed and wounded during the war according to an exchange Telegraph dispatch from Copenhagen. Eight hundred thousand men were killed, including 17,000 officers.

The German losses were placed at 6,300,000 by the Socialist Vorwarts of Berlin on November 20. The newspaper's estimate, which was unofficial, said that up to October 31, 1,580,000 German soldiers had been killed and the total of 260,000 was not known. Four million soldiers were wounded and 490,000 were prisoners.

The British losses in all theatres of activity including killed, wounded and missing were officially placed at 3,049,991 on November 19. Of the total 652,665 were killed, including 27,000 officers. An official announcement from London Wednesday said that 1,000,000 men had been killed or were dead through various causes.

American casualties have been officially announced as totalling 238,117. Of this number 36,134 were killed and died from wounds. Slightly more than 17,000 deaths were due from disease of causes not classified.

DUNBAR HOUSE BURNS

Home of William Hardy a Total Loss as Result of Blaze.

The residence of William Hardy of Furnace Hill, near Dunbar, was burned down on Wednesday, a total loss. All the furniture including a piano, was burned. The loss is estimated at about \$2,500.

It is thought the blaze was the result of incendiaryism. The flames were first discovered burning in the rear on the outside of the house.

GERMAN FIFTH ARMY STARTS ACROSS THE RHINE; RETREAT IS MOVING ALONG RAPIDLY

KENDALL'S MAJORITY IN THE DISTRICT IS 521; CROW IS LEADER

Candidate for State Senate Did Not Make Least Effort to Secure Votes.

When the official count for the 23rd Congressional district, including Somerset, Greene and Fayette counties, was announced in Uniontown today by the return judges of the three counties, it showed a majority of 521 votes for Samuel A. Kendall, the Republican candidate, over Bruce F. Sterling, running on the Democratic and Prohibition ticket. A certificate of election has been awarded Kendall.

The total count showed Kendall with a vote of 11,550 and Sterling with 11,029. Sterling led in Fayette and Greene counties but this lead was overcome by Kendall's majority in Somerset county. The official count shows:

Fayette County	
Kendall, R.	7,322
Sterling, D-P.	8,249
Greene County	
Kendall, R.	1,952
Sterling, D-P.	2,945
Somerset County	
Kendall, R.	5,274
Sterling, D-P.	2,825

For the state senate, Senator William E. Crow, Republican state chairman, easily won over his Democratic opponent, W. M. Rhodes. Senator Crow led the count with a total vote of 9,512 votes. His election is marked by the heavy vote he received although he made no active campaign, delivered no election addresses and sent out no letters to supporters. He even did not formally announce.

PETER MULLEN WOUNDED

Trotter Soldier Is Struck in Leg by Piece of Shrapnel.

Writing to his mother, Mrs. Peter Mullen of Trotter, Peter J. Mullen states that he had been out 17 days at the front and had a great time chasing the Hunns until he was hit by a piece of shrapnel, causing a slight wound on the right leg and that he was in the hospital getting along fine. He was wounded on October 18.

Mullen says he has received no mail from home in three months. He met John Cosensky of Trotter and a boy from Leisnring.

GERMANY MUST PAY TO LIMIT OF CAPACITY

By Associated Press.

NEW CASTLE, Eng., Nov. 29.—Germany must pay the cost of the war to the limit of her capacity, Premier Lloyd George declared in a speech here today.

Referring to the culpability of the authors of the war Mr. Lloyd George said the government intends that the investigation to be perfected to be a fair but a stern one and that it should go on to its final reckoning.

"The submarine pirates must be punished, the premier added, and whoever devastated the land of another country ought to be responsible for it.

"I mean to see that the men who did not treat our prisoners humanely be made responsible," the premier declared. He added that he did not wish to pursue a policy of vengeance but declared "we have got so to act that the men in the future who feel tempted to follow the example of the rulers who plunged the world into war will know what is waiting for them at the end."

LONDON, Nov. 29.—The actual procedure to be followed in demanding the surrender of the former emperor of Germany to the Allies will be discussed in London according to the Daily Express. Premier Clemenceau of France will arrive here Sunday with Marshal Foch. The British and French governments, the newspaper added, have reached a decision regarding their purpose to make the demand on Holland.

Accommodations at Crossings Reported to Be Wholly Inadequate.

RESIGNATION IS URGED

On Defeated Troops by Field Marshal von Hindenburg Who Calls Attention to Fact That It Will Be Better in Final Dealings With the Allies.

By Associated Press. WITH THE AMERICAN ARMY OF OCCUPATION, Thursday, Nov. 28.—General von der Marwitz's Fifth army will begin crossing the Rhine tomorrow. The crossings will require eight or nine days, according to reports reaching here.

According to the German plan 200,000 men will be quartered daily at Frankfurt, but accommodations for 30,000 daily have been prepared. Congestion at Treves is reported, resulting in units proceeding on foot toward Coblenz.

Apparently the Germans are endeavoring to withdraw as rapidly as possible. Copies of a proclamation by Field Marshal von Hindenburg, urging German soldiers and civilians to receive Allied troops "with resignation and courtesy" have appeared in villages opposite the American line. The proclamation says this is the best policy in view of the fact that Germany is no longer able to make resistance against the Allies.

GERMANS MUTILATE PLANES FOR SURRENDER.

BASEL, Nov. 29.—One hundred fifty planes which had been gathered at Boehlin aerodrome, 11 miles southwest of Stuttgart, to be handed over to the Allies in accordance with the provisions of the armistice have been rendered useless by order of the revolutionary committee, according to a Stuttgart dispatch received here.

Honest Advertising

THIS is a topic we all hear now-a-days because so many people are inclined to exaggerate. Yet has any physician told you that we claimed unreasonable remedial properties for Fletcher's Castoria? Just ask them. We won't answer it ourselves, we know what the answer will be. That it has all the virtues to-day that was claimed for it in its early days is to be found in its increased use, the recommendation by prominent physicians, and our assurance that its standard will be maintained.

Imitations are to be found in some stores and only because of the Castoria that Mr. Fletcher created. But it is not the genuine Castoria that Mr. Fletcher honestly advertised, honestly placed before the public, and from which he honestly expects to receive his reward.

Genuine Castoria always bears the signature of *Dr. J. C. Fletcher*

THE PARAMOUNT.

"BACK TO THE WOODS"—A Goldwyn attraction, starring Mabel Normand, the popular screen actress, is being shown today. The story abounds in those moments peculiar to Miss Normand, and she takes advantage of them in her own inimitable way. Tired of society and the rapid men surrounding her, Stephanie Trent begs her father to send her somewhere else. She wants to meet a real man like her father. Accordingly he arranges for her to go as a school teacher under an assumed name, to a village near one of his logging camps. There the girl meets Jimmy Raymond. He incurs the enmity of a youth of the camp and Stephanie makes her way to his cabin in the woods, standing on the brink of a chasm, to warn Jimmy of a plot against him. Jimmy is a special writer for a New York newspaper, who is seeking inspiration for a serial. Charmed by the looks and manner of Stephanie he makes her the subject of his story. It displeases her and she enters a suit for libel. Jimmy is ordered to appear in court and on entering the elevator in the building sees Stephanie. He hurriedly decides on a plan of action to prevent her appearance against him. What follows forms a surprising and delightful climax. Miss Normand is ably supported by Herbert Rawlinson and other screen stars of prominence. A selected comedy is also being shown. Both attractions will be repeated tomorrow.

biggest dramatic sensations of the year, portraying Dorothy Phillips in a splendid role, is being shown today. Miss Phillips is seen as Nella Pendleton, whose mother had never been taught self denial and she had an extraordinary passion for gems. When her husband died he left her penniless, ruined through extravagance. Mrs. Pendleton could think of but one method. That was to contrive a wealthy marriage for Nella. So the pair hid them to a fashionable resort where gambling was the order of the night, as gossip of the day. Nella was still in ignorance of their precarious financial condition. Her mother virtually threw her daughter at the head of an old millionaire who was the scandal of the place. By a trick the mother involved Nella's financial honor, and it looked very much as if Nella would have to sell her soul to old Faxon. Then came Steele McInture and Nella fell in love with him. But again the mother was tempted and fell. This time it was just plain robbery of McInture. Nella found it out and was misunderstood when she went to return the money. Then for the first time Nella realized that her soul was her own. A selected comedy is also being shown. Monday and Tuesday Norma Talmadge will be seen in an interesting production.

STORAGE LIMIT

On Bituminous Coal Removed By the U. S. Fuel Administration.

All storage restrictions on bituminous coal were removed on Friday by the United States Fuel Administration in conformity to the action of the War Industries Board in cancelling its preferential industries list. Anthracite coal is not affected, however, by the ruling of the Fuel Administration.

Every industry and every household in the country now may store as much bituminous coal as desired or obtainable, as the action of the War Industries Board removes the necessity for the Fuel Administration to distinguish longer among different classes of industrial plants.

The restrictions just raised provided for the accumulation by the consumers in the preference classes defined by the War Industries Board, of reserve stocks of bituminous coal, in accordance with their location in relation to various mine fields and their classification on the preference schedule.

IRON AND STEEL MARKET IN STRONGER POSITION THAN WAS EXPECTED

Few Cancellations of War Orders, No Noticeable Decrease in the Demand, Good Volume of New Business. Special to The Weekly Courier.

NEW YORK, Nov. 27.—The American Metal Market and Daily Iron & Steel reports will review the steel and iron trades tomorrow as follows: The iron and steel market finds itself in very much stronger position than was expected would be the case.

CHEST COLDS AND LUNG TROUBLES

An Overnight Treatment with BACORIN Famous "Porkola" Works Wonders in the Morning.

Don't let that Hacking Cough, Sore Throat and Tight Chest bother you. Famous PORKOLA is the remedy. Thousands right in your home town use it with satisfactory results. Doctors advise and prescribe it, hospitals use it, while every druggist in the country guarantees it. A good sized jar only costs 25 cents at any first-class drug store on the money back if dissatisfied plan.

If mothers know that an application at bedtime not only soothes and heals the little one's throat, aching throat and chest, but also ensures a good night's rest, they would not hesitate to keep a jar on hand at all times. Every sufferer from Catarrh of the nose or throat in any form should give PORKOLA a trial.

You druggist can supply you.—Adv.

a fortnight after the end of the war. In the first place, cancellations of war steel orders have been so few, in the case of contracts actually being filled, that the decrease in demand is scarcely noticeable, while in the second place a very considerable volume of new business has developed, from buyers to whom the matter of price is of no great concern. They are in position to turn the material over at once.

Many customers of the steel mills who have had government orders canceled desire to cancel the particular order for steel that they needed to fill the government order, but desire at the same time to buy an equal tonnage of the same class of material, to use in their regular business. Their customers are anxious for goods and questions of prices are for the moment, of minor importance.

It is the common expectation that the War Industries Board will set maximum prices to rule for the first quarter of the new year, and possibly later on for the second quarter also. A respectable minority of the prophets hold a different view and expect that before the end of the present quarter it will be found desirable to drop price fixing entirely. A conference between the board and representatives of the iron and steel industry will probably be held in a fortnight.

A decided shortage of Connellsville coke has developed, resulting in the banking of five furnaces by the leading steel producing company. Pig iron production in the country is at a rate several per cent less than the average of October, and steel production has declined slightly in consequence.

The steel mills are short of labor, although there is idle gossip in circulation of decreased employment in the industry. Export demand is heavy, prices bid being above government limits, which do not apply to ordinary export business, but scarcity of bottoms is preventing much business from being put through.

Sour Stomach

Mi-o-na Puts the Stomach in Fine Shape in Five Minutes.

If your stomach is continually kicking up a disturbance; if you feel bloated and distressed; if you belch gas and sour food into the mouth, then you need Mi-o-na Stomach Tablets.

Mi-o-na Stomach Tablets give instant relief of course, but they do more; they drive out the poisonous gases that cause fermentation of food and thoroughly clean, renovate and strengthen the stomach so that it can readily digest food without artificial aid.

Mi-o-na Stomach Tablets are guaranteed to end indigestion, acute or chronic, or money back. This means that nervousness, dizziness and biliousness will disappear. Druggists everywhere and A. A. Clarke sell Mi-o-na.—Adv.

**Reports of Reopening of
Emergency Hospital
Unfounded.**

CASES OF INFLUENZA NUMEROUS

In Opinion of Physicians Disease Will
Continue to Appear During Winter;
Nine Members of Thomas Family
Down; Thanksgiving Day Observed.

Special to The Courier.
SCOTSDALE, Nov. 29.—Reports
have been circulated that the emerg-
ency hospital has been opened again.
This report is untrue. The board of
health it is stated has been having
reported on an average of seven to 10
cases of influenza a day and this has
not varied much in three weeks. Some
physicians are expecting the disease to
appear occasionally during the win-
ter. Nine of the John Thomas
family South Broadway are ill with
influenza and as the hospital has been
closed the Thomas family is being
cared for it was stated by other
means, but that they were receiving
attention.

As far as the emergency hospital
committee is concerned it has ceased
to exist and if another hospital is open-
ed another means will have to be pro-
vided.

No date will be set for the reopen-
ing of the E. M. C. A. until Secretary
Flagle returns from his much needed
rest. Then the building will be thor-
oughly renovated and opened.

THE PRESIDENT'S TRIP.

The objections that are offered to

President Wilson's absence from the

sessions of the peace conference at Ver-

sailles do not, as some presume to

assert, all come from members of the

opposite political party. In fact, some

of the most vigorous criticism of the

President's decision to be present in

person upon this historic occasion

comes from members of his own party.

Of such criticism, none are more

frank and outspoken than that of John

Cadwalader of Philadelphia, a lawyer

and distinguished Democrat of the old

school. In an open letter to President

Wilson he urges upon him the unwise-

ness of his announced intention of go-

ing to France upon such an errand.

Attorney Cadwalader declares that the

Constitution offers a complete bar to

such a trip, but this objection is of

less moment along side the weightier

objection that President Wilson's pres-

ence at the peace conference, because

of his hesitancy to have the United

States take part in the war, might lead

to misunderstandings as to purpose of

his influence in the peace settlement.

On the grounds of constitutional ob-

jections Attorney Cadwalader says:

"One reason for not providing for

the temporary performance of presi-

dential duties by a Vice President, no

doubt, was that, when the Constitu-

tion was adopted the Vice President

was always the second choice for the

Presidency, and a man chosen for the

Presidency itself by at least the minor-

ity of the electors was available. This

constitutional bar to your leaving the

country is, of course, sufficient; but

you cannot be indifferent to the cri-

dical objection on other grounds wide-

ly stated in the press of the country."

In relation to the President's atti-

tude on the relation of the United

States to the great war, the eminent

objector to the President's journey to

Paris says:

"Rightly or wrongly, you have not

been in accord with the sentiments of

the people at large on the subject of

the proper relation of the United

States to the great war. The people

have never been too proud to fight."

They have never desired 'peace with-

out victory.' They did not approve of

your extending in their name and in

that of the government congratulations

to the Kaiser on his birthday

during the period of the worst out-

rages of the war. They have always

been deeply concerned, as to the

causes and objects of the war, and

they expressed no doubtful feelings

when you did not favor un-conditional

surrender.

These quoted statements naturally

lead to doubts as to the position that

might be taken under your influence

at the conference, and it will be most

unfortunate if any lack of harmony

should exist in adjusting the claims of

the Allies, who have borne the great

burden of the war for our sakes as

well as for their own."

It is because of the possibility that

the step the President has determined

to take may entail the loss of the good

will and friendship of the great na-

tions to which we have been allied

during the war, rather than any polit-

ical considerations involved, that the

public at large is very properly dis-

posed to agree that Attorney Cadwal-

ader's objections are well taken, aside

from the legal grounds upon which he

has based them.

Police Commissioner Enright of New

York is so solicitous to afford pro-

tection to the imitators in his city of

the Bolsheviks of Russia and Ger-

many that he threatens to use machine

guns against the returning soldiers

and sailors who have been raising the

noise of these healing dis-

turbances. Plainly this chief of "New

York's Finest" cannot claim kinship or

sympathy with Private Thomas En-

right, the first American soldier to fall

in the battle for justice and freedom.

Now that the so-called German gov-

ernment intends to invite President

Wilson to Berlin we will presently

begin to realize the possibility of

putting the Winter Capital in wheels.

Field Marshal von Mackensen, last-

ing chief of the Hun, is another of

that villainous band who will have to

go home empty handed. When he cross-

ed the Swiss border the plucky guard-

s of the mountain republic relieved him

of the care of \$1,500,000 in gold and

rice that he had stolen from the

Bulgarians.

A million francs have been voted

by the French Chamber of Deputies

for the entertainment of royalty and

other personages at the peace con-

ference. Another proof, we presume,

that the world is to be made safe for

democracy.

The young folks are more than

glad that their elders had but 16 days re-

main until Christmas.

The weatherman ought to have been

more generous to Visitor R. by giv-

ing him the right kind of a rather than

what would have enabled him to reach our

city yesterday, thereby adding nothing

to our many reasons for thanksgiving.

Why Not Use the Ax?

WASHINGTON, Nov. 23.—The ax

is not the pruning knife.

That is the almost unanimous

answer of Congress to the lack of a pol-

icy on the part of the administration

for cutting down quickly and effec-

tively the swollen war expenditures.

Thoroughly dissatisfied with the

course followed thus far, the first

move was made today in Congress to

take the matter of quick and thorough

retrenchment out of the hands of the

executive departments and put it into

the hands of Congress.

When told today of the demand from

Congress and elsewhere for the whole-

sale use of the ax on expenditures, Sec-

retary of War Baker said to the

correspondent: "I can only say that

the ax is falling very generally now.

It may not be hitting every head, but

it is hitting a great many."

The members of the House Approp-

riations committee, who are here will

be called together this week to begin

an immediate survey of appropri-

ations with the idea of repealing as

much of them as possible and restor-

ing these sums to the Treasury.

Chairman Sherley of this commit-

tee conferred with the President and

it is understood the President's ap-

proval of the plan was given. The re-

covery of the appropriations already

made will be done as part of another

deficiency bill. It was admitted that

the deficiency part of the bill would

consist merely of minor matters.

Inquiry at the departments most

concerned in war expenditures, and at

the boards and commissions that have

had much to do with spending failed

to reveal any definite policy in cutting

off war work. The nearest approach

to any sort of policy expressed was

that it was the plan to "cut off con-

tinuous and other expenditures as fast

as possible."

To the suggestion that it would be a

greater saving through conserving at

least the materials now going into war

work if the work were stopped com-

pletely and the pay of the workmen

continued, the answer made was that

the plan was not practicable.

Congressional leaders of both par-

ties and in both branches who are con-

cerned with granting the appropri-

ations are insistent in their demands

that war expenditures, so far as

munitions is concerned, be chopped off

short. Not all legislators agreed that

there was sufficient need of labor in

ordinary peace time industries at this

time to absorb quickly the entire labor

supply, but not one questioned the

fact that a very large percentage of

this labor could be taken up quickly

by non-war industries.

THANKSGIVING.

Be thankful! For we've lived to

see the dawn of worldwide liberty.

The tyrant sees his throne upset—or

will be soon, already yet—and fatter-

ed nations break the chain they

long have worn in tears and pain. The

tyrant who kicked up the row that he

might wear upon his brow the laurels

of a conqueror, has got his stomach

full of war. Be thankful that the

tyrant's hopes have gone a-slipping

down the slopes, be thankful that the

tyrant's schemes proved, in the wash-

ing, hopeless dreams. Be thankful

that the Prussian sword, like Jonah,

has gone overboard, no longer can the

Prussian frown make any people

kneel down. The bully of the world

is kicked, the bottom of his pants well

kicked. Be thankful that we had our

share in these great things over there.

Be thankful that our boys arose, just

panting to get at the foe, and showed

the world how we can fight when we

defend eternally right. Be thankful that

you've had a chance to help our daunt-

less lads in France, and that you still

may give and give, that war activities

may be the Red Cross. Roll! Call

them will come, and you should lay

aside a sum composed of cartwheels

and of seeds, to help the cause that

helped our lads. It's good such causes

to advance—be thankful that you have

the chance.

Solf's Words Disproved.

New York Sun.

Meatless weeks have ended in Ger-

many; the bread ration has been raised

to five pounds a week. The French

government finds an arrangement has

been made under which Germany is

to furnish "immediate help and suffi-

cient cereals to relieve the misery in

Austria."

On the same day on which these an-

nouncements were made the French

Minister of Provisions, Victor Boret,

declared it would not be possible at

present to procure the civilian rations

in France.

It appears, therefore, that Germany

is not so badly off as Austria, and is

perhaps as well supplied with food as

France. Yet Herr Solf, the vociferous

propagandist, endeavoring to excite

sympathy throughout the world, con-

tinues to beg for modification of the

armistice in behalf of "women and

children."

Herr Solf's campaign appears to be

purely political and to bear no relation

to domestic conditions in Germany.

Why Not?

Lafayette Ballou.

Now that the war is over—

Why not a few more stops upon the

part of the street car?

MEYERSDALE, Nov. 23.—A pretty church wedding, fraught with interest to many Meyersdale people by reason of the groom being so well and favorably known here, was solemnized Thursday morning, the principals being John Dahl, son of Mr. and Mrs. Daniel Dahl of Olinger street, and Miss Anna Connahan of Leisenring. The ceremony took place in St. Philip and James Catholic church and was performed during high mass by Rev. Father Brady. The bride was dressed in dark blue georgette, with a white collar and carried white bride's roses. The maid of honor was Miss Elizabeth Connahan, sister of the bride, who also wore blue and carried pink roses. The groom was attended by his brother, Clarence J. Dahl, of the U. S. S. New Mexico. Katherine Raymond and Evelyn Dahl were flower girls and Veronica Dahl ring bearer. James L. Dixon presided at the organ and during the ceremony Karl Leith sang "O Perfect Love." A solo "Ave Marie" was rendered by Gus Danico. The services were followed by a dinner at the Colonial hotel at which about 80 guests were present. After the dinner Toastmaster E. C. Hostetler called upon Rev. Father Gallagher, Rev. Father Brady, W. H. Habel, J. P. Reich, Clarence Dahl, Mrs. J. P. Reich, the groom, John Dahl, Miss Margaret Weber, John Weimer, E. L. Douglas, M. J. Lavengood and Editor W. S. Livingston, and all made talks. The bride is an attractive and accomplished young lady. The groom is one of the best known young men of Meyersdale, and is a member of the Dahl Brothers' bakery. The young couple will make their home with the groom's parents here. The out-of-town guests were the following: Mrs. Laura McMillen, sons Roy and John, Miss Elizabeth Connahan, Monongahela; Mr. and Mrs. John McArdle and daughter, Evelyn, Latrobe; Mrs. John Rollman, Miss Rita Truog, Miss Theresa Nehring, Mr. and Mrs. L. J. Nehring, Cumberland, Md.; Mr. and Mrs. John Knecht, Mr. and Mrs. William Knecht and Miss Gertrude Knecht of West Salisbury; Mrs. James Cole, Leisenring.

These eight organizations have accepted and discharged this trust in a manner that has commanded the admiration of the world, and the eternal gratitude of every man under the service of the flag.

And, whereas, the privilege of giving moral and financial support to this wonderful work, so closely interwoven with the lives of the men in service, has been given not to an institutional government, but to every individual man, woman and child in the United States:

Now, therefore, I, John Duggan, mayor of Connelville, do hereby proclaim to the citizens of Connelville that during the two weeks beginning Monday, December 2, 1918, they bestow attention, lend effort and strength, and give liberally to the fullest extent of their means, to the appeal for funds that shall be made by the Fayette County War Chest for \$500,000 to "carry on" this wonderful work.

And I further request that this proclamation be read aloud from every pulpit in this city the first Sunday that services shall be resumed in our churches, and on the following day in every school join in this vital work.

Given under my hand at Connelville on the 26th day of November, 26, 1918.

JOHN DUGGAN, Mayor.

Verners is an Institution in Pittsburgh

Scores of substantial Pittsburgh men can remember the first pair of store shoes—bought at Verners—into which they wiggled their toes. Today the name Verners is still synonymous with good leather and fair dealing to them and their families.

The three separate departments—Women's Floor, Children's Floor and Men's Floor—are known practically everywhere. Buying in large quantity means ability to sell at lower prices, and it also means that the shoe manufacturer is anxious to have his newest models first displayed at Verners and

that he is rigidly particular about the quality which is necessary to obtain Verners goodwill.

You can really find exactly what you want at Verners, usually at lower cost, and you can depend *absolutely* on the quality. And in these days of a trying leather market, quality counts.

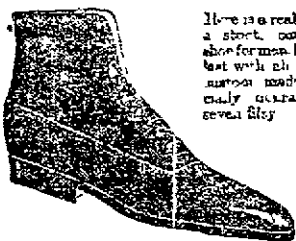

The next time you are on Fifth Avenue in Pittsburgh, look in at No. 225 and compare Verners prices and compare Verners styles. Or, if you prefer, write us outlining your shoe wants and we will gladly serve you by mail.

Influenza, Cold, Pneumonia, Sore Throat

Yields Quickly to Antiseptic Treatment.

Mills are finding relief from Influenza, Cold, Sore Throat and pneumonia preventing pneumonia. It is said, by the use of Miller's Antiseptic Oil (known as Snake Oil). Its great penetrating power with its germicides, it is sure almost instant relief when applied freely on the chest or throat, well greased when first symptoms arise. The oil penetrates to the affected parts and tends to open up the air passages making breathing more easy, relieving the pain. And for the cough a few drops on a little sugar usually brings prompt relief. Don't fail to have a bottle on hand when the attack comes on and if used according to directions, it is as good as your money refunded. On sale at Connelville Drug Co. and 50c and \$1.00 bottles—Ad.

PEACE CELEBRATIONS OFFSET IMPROVEMENT IN "FLU" SITUATION

Coal Production Made a Further Advance, dropping to 3,707,000 Tons for Week of Nov. 16.

According to the report of the United States Geological Survey improvement in the influenza situation in most producing fields was expected to bring about an increase in production during the week of November 16, but the celebration attending the signing of the truce offset whatever increase might have been so desired. The output during this week is estimated at 3,707,000 net tons, a decrease of 661,000 net tons, or 64 per cent compared with the week of November 9 and a decrease of 1,572,000 net tons, or 11 per cent compared with the week of November 16, 1917.

Whether the situation has any serious aspects depends upon the length of time required for general industrial conditions to become readjusted to the extent to which manufacturing ac-

tivity will be resumed and the rate of production that can be maintained during the winter months. In the past two weeks the coal situation was of the most serious. It has been increasingly important in affecting production. The decrease in seven weeks or from the high mark of September 28 has been 24 per cent until now production is below current consumption. The low point for the present has been reached.

The average production per work day during the current week is estimated at 1,618,000 net tons, as compared with 1,665,000 net tons for the coal year to date and 1,629,000 net tons for the same period of 1917. The total production from April 1 to November 16 is estimated at 89,021,000 net tons, an increase over the corresponding period of last year of 40,217,000 net tons, or 11.3 per cent. The improvement in the influenza situation during the week of November 16 was but temporary. It did not put during the week ended November 16, 1918, a decrease of 182,000 net tons, or 11.3 per cent. This output also fell below the corresponding week of 1917 by 661,000 net tons, or 31.2 per cent.

Heartburn, Belching, Indigestion, Food Repeating and Nearly All Kinds of Bodily Miseries

The first sign of stomach misery usually comes after over-eating. The doctors call it "superacidity." The people say—"sour stomach."

Millions of people who have lost their ambition, energy, courage, vitality and strength—who are weak, pale and listless—who go through life just dragging one foot after another—tired and worn out nearly all the time—nervous, irritable, subject to severe headache, insomnia, and a long train of physical ills—would be surprised, yes, dumbfounded, to learn that it is just an acid-stomach that is causing them all their misery. Yet in nearly nine cases out of ten that is just where the trouble starts.

Now a sour, acid-stomach, or "superacidity," of course, simply means too much acid in the stomach. You can now quickly rid your stomach of its excess acid. A wonderful modern remedy called **EATONIC** literally wipes it out. It does the work easily,

quickly and thoroughly. It makes the stomach pure, sweet, cool and comfortable. It helps you to get full strength out of every mouthful of food you eat, and unless you do not feel full strength from your food you cannot enjoy robust, vigorous health.

EATONIC is a tablet form. There are pleasant tablets—just like a bit of candy and are absolutely harmless. Take **EATONIC**, and find out for yourself how wonderfully different you will feel. See how quickly **EATONIC** builds the stomach, tones the digestive system, relieves heartburn, belching, food repeating, indigestion, etc. See too, how quickly your general health improves—how much you refresh your food—how much more easily your food is digested—how soundly you sleep—how nervousness and irritability disappear. And simply because, by taking **EATONIC** you have your stomach of a lot of excess acid that has been holding back and making you miserable.

So get a box of **EATONIC** from your druggist today. He is authorized to guarantee **EATONIC** to cleanse and tone your stomach to make the stomach food. If **EATONIC** fails in any way, take your money back. If your druggist does not keep **EATONIC** write to Dr. J. L. Kramer, President, Eaton's Remedies Co., 1740 N. Ave., Chicago.

NEWS OF THE DAY

AT MT. PLEASANT

BRIEFLY RELATED

Mrs. Harry Leeper Dies at the Memorial Hospital.

MICHAEL GARSTECK IS SAFE

First Reported Missing He is Later Located in Hospital, Suffering From Gas and Then Returns to Lines.

Special to The Courier.

Special to The Courier. MOUNT PLEASANT, Nov. 23.—Mrs. Ruth Fox Leeper, aged 26 years, died Tuesday night at the Memorial Hospital. She was the wife of Harry Leeper and with her husband they survive one son, her parents, Mr. and Mrs. James Fox, one sister, Mrs. Arthur Kortright, and two brothers, Ernest and James. Funeral services were held yesterday afternoon at her late residence on Washington street and interment followed in the Mount Pleasant cemetery.

Back in Service. Official word was received from the War Department on Wednesday that Michael Garsteck, who had been officially reported missing in action, had been reported in service since September. Shortly after the word had come that "Mike" was missing a letter was received from a man whose home is near Pittsburgh and who stated that he had seen Garsteck aboard a train gassed, and on his way to a base hospital.

Service Well Attended. The Thanksgiving service held in the Re-Union Presbyterian church was well attended. The sermon was preached by Rev. E. J. Knox, pastor of the Methodist Episcopal church.

Personal. Mr. and Mrs. D. L. George had as their guests yesterday Mr. and Mrs. Frank George and family and Mr. and Mrs. Lloyd George of Uniontown. Mrs. Pearl Kier and family of McKeesport and Mrs. Orville George and family of Millvale.

Mr. and Mrs. Grant Miller of Pittsburgh were the guests of Mrs. Catherine Dullinger yesterday.

Mrs. Edgar Stevenson and family of Franklin are the guests of James S. Braddock.

A MOTHER PROVES THE CLAIMS OF "TEN HERBS" MAN

Pittsburg Lady Tells How Ten-Herbs Restored Her Son to Good Health.

Among the many local people who are endorsing Ten-Herbs, the new herbal stomach remedy, is the mother of one of Pittsburg's prominent athletic young men.

MRS. JENNIE COOK.

Mrs. Jennie Cook, of No. 6216 Butler street, Pittsburg, who has a wide acquaintance in this city, is glad to tell how her son was relieved, and relates the following interesting story: "My son, who has been very prominent in all out-door sports, was troubled with his stomach for sometime; he could not digest his food, and it fermented in his stomach and caused gas to form; he was had to run down a health and tried many different medicines, which did not do him any good. He was advised to try Ten-Herbs and did so. Now he is feeling fine, and he is able to digest his food. He has been able to resume his athletic sports again, as well as his daily work, and I join with him in endorsing Ten-Herbs."

Ten-Herbs is purely vegetable and is composed of the most beneficial herbs, roots, barks and berries known to science. It is pure and harmless, and can be taken by both old and young with perfect safety, in all of the stomach, liver and kidneys.

Ten-Herbs is sold in Connelville at the Connelville Drug Co.'s Store.

Pittstown.

PRITTSVILLE, Nov. 23.—Mrs. Frank Berg of Glenwood was here Sunday, visiting her sister, Mrs. Ben Pearson. She was accompanied here by her niece, Mary Malinda Grady, who had been Mrs. Berg's guest for a week.

John C. Milligan was a business visitor to Uniontown Monday. Lieutenant John E. Wright and sister, Miss Pearl, are spending the week at Elkhart, Ind., with the family of their brother, Homer C. Wright.

Mrs. George Woodward and son, Alfred, of near Uniontown, were here several days last week with Mrs. Charles Quier and William John and Harry Faith.

Charlotte Milligan returned Saturday from a three weeks' visit at Pittsburgh and McKeesport with relatives.

John C. Milligan killed a White Chester hog on Tuesday that weighed 490 pounds, 14 months old, which we think is hard to beat.

An Internal Treatment For Piles (Hemorrhoids)

Given absolute relief from all pain and suffering. Has never failed. Guaranteed.

Many people have become despondent because they have been led to believe that their case was hopeless and that there was no remedy for their case. Go to your druggist and get an original bottle of Miro Pile Remedy, the discovery of a clever Ohio chemist, that taken internally, purges, unobtrusively through the stomach and intestines, and thus reaches the source of the trouble where, by its soothing, healing, antiseptic action, it first attacks and then by direct contact with the ulcers and piles causes them to heal and disappear forever.

It's positively marvelous how speedily it acts. Blessed relief often comes in two or three days, even in cases that have resisted all previously known treatments. Really wonderful results have been accomplished. It is one of the wonderful discoveries of recent years and anyone who is disappointed with its use can have their money refunded.

Just read what Mr. F. M. Smith of 2112 Broadway, Lorain, Ohio, says: "I gladly recommend Miro Remedy for Piles. There is no equal to it. I suffered for 15 years and tried everything that was recommended. I doctored for years and was a constant sufferer with bleeding piles. I took two bottles of Miro and was entirely cured. Any sufferer using it will never regret it."

All pharmacists dispense Miro or get it for you on short notice. Sure! It is worth the little trouble to obtain to be rid of piles forever.

IMPORTANT: What is known as hemorrhoids is not the true cause of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Remedy has been prepared as in such cases it is not necessary to take the internal prescription. For sale by the Connelville Drug Co.—Adv.

WEAKNESS REMAINS LONG AFTER Influenza

Reports Show That Strength, Energy and Ambition Return Very Slowly to Grippe Patients.

After an attack of influenza, doctors advise that nature be assisted in its building-up process by the use of a good tonic—one that will not only put strength and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain.

One of the most highly recommended remedies to put energy into both body and brain is Bio-feron—your physician knows the formula—it is printed below.

There's Iron in Bio-feron—the kind of iron that makes red blood corpuscles and creates vigor. There is leucithin also, probably the best brain invigorant known to science. Then there is good old reliable quinine, that brings back your lagging appetite.

There are other ingredients that help to promote good health, as you can see by reading this formula, forgetting only that great agent that puts the power of endurance into weak people.

Taken altogether Bio-feron is a splendid active tonic that will greatly help any weak, run-down person to regain normal strength, energy, ambition and endurance.

Bio-feron is sold in all reliable druggists and is inexpensive. For weakness after influenza patients are advised to take two tablets after each meal and one at bed time—seven a day, until health, strength and vigor are fully restored.

It will not fail to help you and for any reason you are dissatisfied with results your druggist is authorized to return your money upon request—without any red tape of any kind.

"OUT OF DANGER"

Then to get back health and strength, is the next thing for Doctor and patient after gripe, influenza or other wasting diseases.

A good tonic is needed and the Medical Profession is a unit in endorsing Iron, Nux Vomica, Gentian, Capsicum and Zinc Phosphide for this purpose. Many preparations containing iron, however, are very constipating but this is overcome in Dr. Chase's Blood and Nerve Tablets by the addition of Aloin.

These tablets contain all of the above important tonics in easily assimilable form and have no harmful or unpleasant after effects.

These tablets are safe, sure health builders and their use is strongly advised just at this time.

Weigh yourself before taking them and note how quickly they commence to do good.

Nearly every druggist sells Chase's Blood and Nerve Tablets at sixty cents a box. Special strength, ninety cents.

DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite—cold of the chest (it often prevents pneumonia). It is always dependable.

THE PREVENTION OF UNEMPLOYMENT IS LABOR DEPT'S PLAN

Making a Survey of Conditions As a Basis for Cancellation of War Orders.

MAINTENANCE OF BALANCE

Between Labor Demand and Supply During Period of Demobilization and Readjustment of Industry is Purpose Sought to be Accomplished Quickly.

WASHINGTON, Nov. 27.—The Federal Employment Service at the suggestion of the War Department and the War Industries Board is making a survey of the labor conditions and resources of the country for the purpose of accumulating information upon which to base the cancellation of war orders so as to avoid unemployment during the demobilization of the army and the period of readjustment of industry to a peace basis. In announcing the plans the Department of Labor in a statement says:

"The first of three returns are expected to be received this week. These will give the government a bird's-eye view of the immediate labor situation so that by next week it will know in what centers there is shortage or surplus of labor and whether demobilization in those centers can be rapid or slow."

"Approximately 100 industrial centers and the same number of industries are being covered in this initial 'size up.' The community labor boards will get their information as regards local labor conditions by means of personal contact and telephonic communication with employers, plant managers, employment managers, labor organizations, commercial bodies, the local employment offices of the U. S. Employment Service and other sources."

"The employment service will continue to act as an intelligence medium for the War Department and the War Industries Board and the Federal directors of the employment service for the states. A corps of expert organizers of the employment service has left Washington for various parts of the country for the purpose of instructing the community labor boards in this further work. All are men familiar with industrial processes and a

HOW TO FIGHT SPANISH INFLUENZA

By DR. L. W. BOWERS

Avoid crowds, coughs and cowers, but fear neither germs nor Germans! Keep the system in good order! Take plenty of exercise in the fresh air and practice cleanliness! Remember! A clean mouth, a clean skin and clean bowels are a protecting armour against disease. To keep the liver and bowels regular and to carry away the poisons within it is best to take a vegetable pill every other day made up of May-apple, aloes, jalap and sugar-coated, to be had at most drug stores known as Dr. Pierce's Pleasant Pellets. If there is a sudden onset of what appears like a hard cold one should go to bed, wrap warm, take a hot mustard foot-bath and drink copiously of hot lemonade. If pain develops in head or back, ask the druggist for Anuric (anti-uric) tablets. These will flush the bladder and kidneys and carry off poisonous germs. To control the pains and aches take one Anuric tablet every two hours with frequent drinks of lemonade. The pneumonia appears in a most treacherous way when the influenza victim is apparently recovering and anxious to leave his bed. In recovering from a bad attack of influenza or pneumonia the system should be built up with a good herbal tonic such as Dr. Pierce's Golden Medical Discovery made without alcohol from the roots and barks of American forest trees or his Iron Tonic (iron tonic) tablets which can be obtained at most drug stores and send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.—Adv.

number of them have been detailed to the service by the War Industries Board.

In his letter to Secretary of Labor Wilson asking that the community labor boards of the Federal Employment Service perform his task, Secretary of War Baker said in part:

"The War Department, in dealing with the problem of demobilizing the army, is anxious that the matter should be so handled as not to create any considerable amount of unemployment. If this is to be done, it is very necessary that we have the most dependable available information on the condition of the labor market in the principal industrial districts of the country."

"The information also could be of great value to the War Department and to the War Industries Board as a guide in handling cancellation of war contracts in such a manner as to ensure so far as possible the industrial stability of the country. We might set up the machinery to get this information ourselves but we already have in the U. S. Employment Service and the community labor boards a machine which can be used to secure this information."

"The War Department has asked the War Industries Board to cooperate with it in clearing cancellation of contracts in order to safeguard the industrial situation," he stated. "This concerns labor vitally. Contract cancellation may create a considerable amount of unemployment. The situation must be closely watched. We should therefore have up-to-date information on the condition of the labor market in the centers where contracts are to be cancelled."

What is the Measure of Your Devotion to the Boys, Who, for you, Turned No Man's Land Into YANKEE LAND?

THEY thought not of creeds or of self, crawling through the shell raked hell of No-Man's Land or lying flat as German flares sought to reveal them and direct German bullets to their hearts. Their's were thoughts of deeds—deeds for you—thoughts wrought into deeds that have freed you from the menace of the Hun.

What then, is the measure of appreciation for hardships so great, sacrifices so vital, victories so glorious against which anything we may do or say is so infinitesimal?

THE WAR CHEST must be filled to overflowing—\$500,000 is the minimum to meet Fayette county's share in 1919 for these eight great war welfare and relief organizations.

The American Red Cross, the Y. W. C. A., The Y. M. C. A., Knights of Columbus, American Library Association, Jewish Welfare Board, The War Camp Community Service, The Salvation Army.

Pledges may be made upon the basis of five monthly installments—one pledge for a single cause for all of 1919. Fayette county has done nobly in the past. Will YOU have it said that Fayette county, through your lack of appreciation for the boys over there, or graver still, through parsimony failed to meet this call for a fund so little.

REMEMBER—You subscribe once for all. A War Chest filled to overflowing means that no other calls will be made for these eight organizations during 1919.

THE WAR CHEST IS YOUR ANSWER

Give as they have served that their recreations, that their comforts, that the little luxuries that these eight great organizations afford may be their's until they return as they went away, safe in body and sound in mind, knowing that you helped to keep the home fires and hut fires burning over there and over here; that you were with them, body and soul, every step of the way.

INFLUENZA CLAIMS

FOUR IN BRIEF TIME ABOUT SMITHFIELD

Two Die in One Street Within an Hour of Each Other; Mail Service Under Difficulties.

Special to The Courier.

SMITHFIELD, Nov. 29.—Death claimed three prominent residents of this community Wednesday. All three of them were victims of influenza. Mrs. George Byerly and Albert Hill died at their homes on Liberty street within an hour of each other. The third victim, T. O. Showalter, died at his home just outside the borough, in Nicholson township, about 4 o'clock in the afternoon.

Mr. Showalter was 74 years old. One son, Walton, of Pithsburg, and one daughter, Mrs. Calvin Clawson with whom he made his home, survive.

Mrs. Millie Bowman Byerly as survived by her husband and five small children. Her mother and father, Mr. and Mrs. E. O. Bowman, and a brother, Paul Bowman, of Smithfield, also survive. The funerals of Mr. Showalter and Mrs. Byerly took place from the respective homes today, the former at 10 o'clock and the latter at 2 o'clock; interment in the Baptist cemetery.

Yesterday the "flu" claimed another victim, Miss Stella Smith, daughter of Mr. and Mrs. J. R. Smith, who died after a brief illness at the home on church street. Other members of the

family are ill of the malady.

The rural mail service is still badly crippled by reason of the epidemic. There is a new carrier on the route from this office every few days. The latest to accept the service are Rev. Paul Elliott, pastor of the Presbyterian church, and Miss Edna Woolery, a prominent school teacher of Georges township.

BY-PRODUCT OUTPUT DROPS 10,500 TONS DURING WEEK NOV. 16

Repairs to Plants the Chief Cause of the Decline; Is Still Above the 570,000 Tons Weekly Mark.

Repairs to plants during the week ended November 16, says the report of the United States Geological Survey, caused production of by-product coals to decrease slightly below the production of November 9. The production during the current week is estimated at 571,113 net tons, a loss of 10,500 tons from the week preceding but exceeds the production of the corresponding week of 1917 by 127,696 net tons, or 23 per cent.

The plants of the country, during the week ended November 16, were operated at 88.7 per cent of their full time, as compared with 90.2 per cent during the week of November 9. The limiting factor during the week, as above stated, was repairs to plants, loss of time attributed thereto, by the operators for the country as a whole, rising from 5.7 per cent during the week of November 9 to 7.4 per cent. A slight improvement was noted during the week in the labor situation. The states reporting a decrease in production during the week all attribute the falling off to repairs to plants, while those reporting improvement, with the exception of Indiana, give better labor conditions as the cause. In Indiana a better supply of coal

brought about the improvement.

The production of beaver coke in the United States during the week ended November 16 is estimated at 733,000 net tons, or approximately one per cent behind the production of the week of November 9 and 70,000 net tons or 11.2 per cent behind the production during the corresponding week of 1917. The daily average during the current week is estimated at 82,000 net tons as compared with 93,000 net tons during the week preceding and 104,000 net tons during the week of November 16 of last year.

Increase in Loaded Cars.

The Railroad Administration reports the increase in loaded cars in the calendar year of 1918 to November 2 was 723,774 over the same period of 1917.
